Subject: ATSDR Petition Request from CCAEJ

FYI....

CDPH received and I forwarded a request from the Center for Community Action and Environmental Justice (CCAIEJ) organization to the ATSDR Petition Coordinator. CCAIEJ collaborated with the City of Riverside on the City's March 2016 petition that requested ATSDR's involvement at the Riverside Agricultural Park. ATSDR accepted the Ag Park petition and asked CDPH to conduct a health consultation by assisting DTSC on the development of a sampling plan to determine the extent of the PCB contamination beyond the Riverside Ag Park, evaluate the public health threat from the PCB contamination, draft a Health Consultation for ATSDR's review and public comment, and ask for input from the community as to what outreach and education activities we should offer. CCAIEJ is now requesting ATSDR to expand the scope of CDPH's work in Riverside, CA, to address concerns related to potential exposures from three separate former hazardous waste sites (Pedley Landfill, Rohr Industries, & WW II camp Anza). This new request will go through the petition process to determine ATSDR's position on this request.
